Experience

2019 Google Summer Of Code student w/ [Java Pathfinder](#)

May 2019 - August 2019

JPF is a model checking tool for Java applications. jpf-core is the core structure of JPF. It is a Virtual Machine (VM) for Java bytecode which executes the system under test (SUT). In Gsoc, I have contributed to support gradle and Java 11 for jpf-core.

[GSoC work report](#)

Technologies: java, gradle, JUnit.

APPLESOFT, Backend Developer Intern

May 2019

Built the customer facing site for Applesoft. I worked on the backend of the website.
